

POWER PISTOL

ROBUST AND DURABLE SEALANT GUN WITH IMMEDIATE STOP SYSTEM

PRODUCT DESCRIPTION

Robust and durable sealant gun with immediate stop function; product does not continue to be dispensed. Suitable for all glue and sealant cartridges.

FIELD OF APPLICATION

Suitable for all adhesive and sealant cartridges, such as Montagekits, Poly Max®, PU Construction Adhesives, Silicone Sealants and Acrylic Sealants.

PROPERTIES

- Does not run
- Durable quality
- Robust inside
- 360° rotatable

APPLICATION

Directions for use:

Placing cartridge: 1. Press down the small lever at the back of the gun and pull the metal rod on the ladder hook completely backwards. 2. Insert the nozzle through the ring at the front and put the cartridge into the cartridge holder. 3. Squeeze the lever until the adhesive or sealant comes out of the nozzle. 4. As soon as the lever is released, the immediate stop function ensures that no more of the product will be dispensed from the cartridge.

Removing the cartridge: 5. Press down the small lever again and pull the metal rod backwards. 6. Remove the cartridge from the cartridge holder.

Our advice is based on extensive research and practical experience. However, in view of the large variety of materials and the conditions under which our products are applied, we assume no responsibility for the results obtained and/or any damage caused by the use of the product. Nevertheless, our Service Department is always at your disposal for any advice needed.
